+92 308 0415415

I am an experienced MERN stack developer with a strong understanding of MongoDB, Express, React, and Node.js. I excel at developing full-stack web applications using React, Next, Node, JavaScript, TypeScript, HTML, CSS, Git and DevOps. With my attention to detail and passion for collaboration, I consistently deliver high-quality software solutions that meet business requirements and enhance the user experience.

Work Experience

Mern Stack Developer

Hashloops Technologies - Lahore

December 2022 to Present
